Background on REAch2

The REAch2 Academy Trust

The REAch2 Academy Trust originated from the successful school improvement and partnership work led by Hillyfield Primary Academy in Waltham Forest, London. The Trust has grown to become a national family of primary academies committed to raising standards and achieving excellence for all pupils, whatever their background or circumstance.

Schools, staff and children within the Trust benefit from a strong ethos of support and collaboration across the REAch2 family. Teachers within REAch2 belong to a national community of professionals, and benefit from a wide range of networks and development opportunities across the Trust.

REAch2 Trust is part of a teaching school alliance (led by the REAch2 Tidemill Academy in Deptford). As a result, teachers and leaders within the REAch2 family are able to access a range of teacher and leadership development opportunities, including the Improving Teacher Programme and the Outstanding Teacher Programme, as well as programmes for middle leaders and newly qualified teachers.

The Trust is focused on ensuring it supports, develops and empowers its staff so that, in time, our best teachers are able to work across schools, develop specialisms and step up to leadership roles within and beyond their own academy. This underpins our approach to school improvement – including the successful improvements that have been achieved so far in many of our schools that have joined the Trust as sponsored academies.

REAch2 benefits from the involvement of leading educationalists, including our board member Professor John West-Burnham, and strong links to prestigious institutions such as the Institute of Education.
Our cornerstones and touchstones

REAch2 is a cornerstone of every academy in the Trust: a strong, responsible foundation providing a solid base, from which every academy can build and grow. Defined by the values of **excellence, quality, delivery and standards** – these features give the Trust its enduring attributes and its inherent reliability.

What gives each REAch2 Academy its uniqueness are the touchstones of the Trust: seven principles which make our Academies distinctive. Just as 500 years ago touchstones were used to test the quality of the gold they marked, so too our touchstones find what is precious and set these things apart. They are used to express the values and ethos of the Trust and describe what the Trust wants to be known for and how it wishes to operate.

The touchstones are:

- **Learning**: children and adults will flourish in their learning and through learning discover a future that is worth pursuing;
- **Leadership**: we aspire to an unwavering emphasis on the highest quality of leadership at all levels. The Trust seeks out talent, develops potential and spots the “possible” in people as well as the “actual”.
- **Enjoyment**: children deserve enjoyment in their learning and the pleasure that comes from absorption in a task and achieving their goals. Providing contexts for learning which are relevant, motivating and engaging will release in children their natural curiosity, fun and determination.
- **Inspiration**: inspiration breathes energy and intent into our schools: through influential experiences of people and place, children are compelled to believe that no mountain is too high and that nothing is impossible.
- **Inclusion**: we celebrate the economic, social and religious differences that serving a range of communities across the country brings and we encourage diversity. Embracing inclusion, particularly those children with special education needs, ensures that the Trust serves all and believes everyone can and must succeed.
- **Responsibility**: we take accountability seriously and by being responsible for every child, we act judiciously with control and care. We don’t make excuses, but mindfully answer for actions and continually seek to make improvements.
- **Integrity**: we are a trust that has a strong moral purpose. As a Trust we recognise that we lead by example and if we want children to grow up behaving appropriately and with integrity then we must model this behaviour. We welcome the fact that all our decisions and actions are open to scrutiny.
